

APOSTLE ANTHONY B. JOHNSON

Dr. Anthony B. Johnson is a modern day Apostle sent to build and establish the Kingdom of God in the nations of the world. He has a powerful mandate to displace present power structures that exist in darkness with the powerful light and truth of the word of God. Dr. Johnson has traveled extensively throughout the United States and abroad, as he is a much sought after preacher, teacher, trainer and lecturer. In 1988, while serving in the United States Marine Corp. in Iwakuni, Japan, Dr. Johnson accepted the call to ministry. He was later ordained as a minister and subsequently as an Elder in the Church of God In Christ, Inc. His tenure in ministry has placed him as a humble servant under the leadership and tutelage of several great men and women of God, such as the late Bishop W.H. McDonald, Pastor Elvin Rhone, Bishop Calvin Johnson, Apostle Pam Vinnett and Apostolic Bishop Dr. Lord M. Hunt. For more than 15 years, Dr. Johnson has selflessly offered his gifts and talents, helping leaders build and establish their ministries for the acquisition of land, souls and systems to advance God's Kingdom.

Through revelation, Dr. Johnson recognized the restoration of the Apostolic and Prophetic as a key component to next major move of God. **He understood that “we live by principle and prosper by revelation” and that moves of God are paradigmic, with revelation causing a fundamental shift in thinking, perspective and operation (revelatory shifts) that unveils principles to accurately execute the intent and purposes of God.** The Apostolic and Prophetic would be essential to shift and position the church for the next move. God attests supernaturally to Dr. Johnson's ascension into the Office of the Apostle and confirms the word he preaches with signs following, ranging from the blind receiving their sight all the way to the dead being raised twice. As a Prophet, he has a sharp and accurate word that pierces to the core of human hearts, releasing the destiny and purpose of God locked up within them.

Dr. Johnson places a high value on being foundationally and principally sound and having an education in the word of God. His ability to rightly divide the word of truth came after much study, and in 2003, he received a doctorate degree in Theology from Tabernacle Bible College, Tampa, FL. He has written diverse training manuals and, under divine inspiration, developed Excel Ministry Institute (EMI) as an academic expression to equip God's people with the knowledge, wisdom and understanding to operate in the forward movement of God's plan in the earth. EMI is a mastery-level one-year training module focusing on educating, rearing, developing and inundating functional leadership into the local church. Currently, Dr. Johnson is being called upon by various leaders to bring EMI to their churches to train their staffs and budding ministry gifts. He also has a Prophetic Cabinet of prophets-in-training and seasoned prophets who minister alongside him in his itinerant ministry.

God is bestowing greater continental influence as a pioneering voice to countries and systems. In October of 2007 after 10 years ministerial service in Oklahoma, Dr. Johnson, a native of Kansas City, returned home planting Embassy International Ministries (EIM), which was established to be a training center church with multiple campuses throughout the Kansas City Metropolitan Area. In October of 2008, Dr. Johnson was consecrated under the officiating of Apostolic Bishop Dr. Lord M. Hunt, Presiding Bishop of Sakal Global Ministries, and the Apostolic Presbytery into the office of an Apostle, as a spiritual Superintendent charged with ecclesiastical responsibility for identifying, training, releasing and/or covering other functional Apostles and their works. Since, Dr. Johnson has also developed two new components to EMI, the Apostles-In-Training (AIT) and the Prophetic Mastery Course, to help identify, train, and release Apostles and Prophets to their God-ordained spheres of authority in the Kingdom of God. In November of 2008, Dr. Johnson was graced to address the country of Barbados and hundreds of its ecclesiastical leaders concerning Apostolic transformation in the region. Additionally, Dr. Johnson founded and serves as the Presiding Apostolic Bishop of Embassy International Fellowship of Churches, which is growing rapidly throughout the U.S., providing covering and oversight to diverse ministries.

He and his loving wife Sandra have two children and reside in Kansas.
